CO₂ emission :

Decrease

No change

Increase

Low CO₂ Kawasaki Brand '18

KUJYO CORPORATION

Product & Technology
Category

Lorentz MG

Kawasaki Mechanism
Certification

Avoided emissions

1.56 × 10³ tons (as CO₂ equivalent)

Product usable years

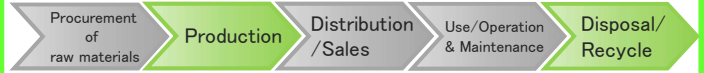

10 years

CORELEX SAN-EI Co., Ltd. Tokyo Factory

Product & Technology
Category

Toilet paper
made of the
waste paper for
which recycling
is difficult

Kawasaki Mechanism
Certification

Avoided emissions

9.14 × 10³ tons (as CO₂ equivalent)

Product usable years

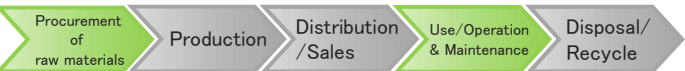

—

Toshiba Infrastructure Systems & Solutions Corporation

Product & Technology
Category

Komukai Complex Instrument Landing System (TW4520)

Kawasaki Mechanism
Certification

Avoided emissions

1.18 × 10³ tons (as CO₂ equivalent)

Product usable years

15 years

Toshiba Infrastructure Systems & Solutions Corporation

Product & Technology
Category

Komukai Complex

Currency Sorter (IBS-1000)

Kawasaki Mechanism
Certification

Avoided emissions

1.03 × 10³ tons (as CO₂ equivalent)

Product usable years

5 years
